Import of mineral water

Shufersal is the largest retail chain in Israel, with an annual income of 4.11B USD and the largest private label with 5,000 products holding 25% of its overall sales.

Shufersal has 390 stores (Shufersal + BE stores) and 2M club members. See some general information about the company:

<https://www.youtube.com/watch?v=4Z2tTkL2Mw8>

Mineral Water 1.5L * 6 bottle pack. Important information:

1. Would like to work with companies that can produce products for our private label under the Shufersal (PL) brand.
2. Work with the companies only directly.
3. As a kosher chain, understand the challenge of producing kosher products, but we can help and advise you with the process.
4. QA certificate: BRC, IFS, HACCP, SQF, FSSC 22000 – mandatory.

Import of raw materials/components for Hvac

Electra Consumer Products Ltd - Israel largest consumer products company <https://www.ecp.co.il/#>

The company is adopting a new strategy, starting an in-house procurement department and in need of new suppliers of various products.

Please see attached a list of products and details.

I will be highly appreciated if there are companies among your members that can be introduced to each of the companies. If so, would gladly share their contacts so they can be introduced. Also, if you are familiar with frozen dough producers, I have a small client that is looking for suppliers for import of small quantities.

Many thanks in advance,

Sharon
