COMMERCIAL OFFER

GRAIN PROCESSING LINES IN GREECE

The International Center for Entrepreneurship Promotion (ICPE) is interested in organization of a joint venture on construction of the Grain Processing Lines in Greece with the guaranteed processing of 250,000 tons of the Ukrainian grain per year.

The Grain Processing Lines are expected to be constructed in Greece, Cyprus and Bulgaria (EU countries with ports). The estimated cost of a turnkey construction of a plant with the relevant equipment is up to €250 million.

We need a reliable partner in Greece for implementation of a joint Project. The requirements for the Greek partner:

- ✓ to have an area 10-15 hectares at the nearest location to the port for construction of a plant;
- ✓ have financial resources cashback in the account of the Greek bank (partner can issue a bank guarantee cashback up to €500 million from the Greek bank to the financial trader's bank (ABN Amro, Amsterdam).

The commitments of the Ukrainian Side:

- ✓ the monetization of cashback bank guarantee;
- ✓ financing of the project before reaching the projected capacity;
- ✓ provision of assured futures contracts for raw materials;
- ✓ providing equipment and design.

The joint responsibility is the sale of finished products and repayment of the loan.

The return of the project is from 3 to 5 years, depends on the manufacturer of equipment for deep grain processing. Accurate data can be obtained after the consideration of financial package of documents and purchase of appropriate equipment.

The detailed information can be provided by the ICPE authorized representative:
